- WEBSTER, RAYMOND L. President's address. New York Society of Orthodontists, 309
- WYLIE, WENDELL L. The relationship between ramus height, dental height, and overbite, 57

SUBJECT INDEX

A

- Acrylic retainers, ease of processing in office, 276
- Adjustable bracket in treatment of malocclusions, 384
- Adult height, tables for predicting, from skeletal age and present height, 537 (Abst.)
- Age for application of orthodontic appliances, 706 (Abst.)
- American Association for the Advancement of Science, 707
- American Association of Orthodontists, honor roll of active members serving in Armed Forces, 38, 97, 160, 234, 299, 355, 420, 479, 535
 - meeting of, 46, 110, 170, 249, 304, 369, 426
 - program of, 487, 547
 - round-table discussion, 687
 - sidelights on, 650
 - president's address, 597
 - president's preconvention letter, 485
 - prize essay contest, 242, 305, 369
 - report of committee on president's address, 689
 - report of editorial and publication board, 691
 - report of necrology committee, 690
- American Board of Orthodontics, 170, 249, 304, 369, 426, 488, 548
- American Dental Association, 107, 171, 247, 248, 305, 370, 427, 708, 709, 710
 - highlights at eighty-seventh annual session of house of delegates, 653
 - officers of, 708
- American Society for the Advancement of General Anesthesia in Dentistry, 110
- Anesthesia, epic of: man against pain, 41 (B. rev.)
- Anomalies of occlusion and trend to beautify features, 627
- Anterior pituitary, hormones of, 472
- Anthropologic survey of function versus nutrition as controlling factor in dental health, 366 (Abst.)
- Anthropometry and orthodontics, 673
- Appliance, expansion bar, 22
- Appliances, fabricating, with electric spot welder, 281
 - orthodontic, age for application of, 706 (Abst.)
- Army Dental Corps, 549
 - draft, new, 490

- Asymmetry in tooth size: factor in etiology, diagnosis, and treatment of malocclusion, 239 (Abst.)
- Attendant, dental, orthodontist and, 363 (Abst.)

B

- Bite and dental injury, 42 (Abst.)
- Body mechanics and posture, 162 (Abst.)
- Bone growth, retardation of, 44 (Abst.)
- Boskopoid skull, macrodontic Bushman skull in relationship to, with similar dentition and large jaws, 104 (Abst.)
- Bushman skull, macrodontic, in relationship to Boskopoid skull with similar dentition and large jaws, 104 (Abst.)

C

- Calcification pattern of teeth, growth of child and, 495
- Caries, dental, inhibition of, by ingestion of fluoride-vitamin tablets, 593 (Abst.)
- Case of distocclusion, 279
- Cephalometric appraisal of Class I (Angle) malocclusion in which four first premolars were extracted as part of treatment plan, 407
- Cephalometrics, round-table discussion, 687
- Changes in oral structures of dog persisting after chronic overdoses of vitamin D, 463
- Child patient in dental practice, 95
- Children, maxillofacial injuries in, and their sequelae, 698 (Abst.)
- Chrome alloy arches, small, simplified technique for soldering intermaxillary hooks or stops on, without reducing temper of arch, 591
- Class I (Angle) malocclusion, cephalometric appraisal of, in which four first premolars were extracted as part of treatment plan, 407
- Class II, Division 2 (Angle) malocclusions, management of, 611
- Classification, diagnosis, treatment planning, and prognosis, orthodontic, Frankfort-mandibular plane angle in, 175
- Cleft palate, obturator (acrylic) for newborn infant with, 101 (Abst.)

- Clinical study of tetanus, 593 (Abst.)
- Columbia University, 106, 304
- Comments on our history, 257
- Communication, 35, 154
- Congenitally missing second premolars and space factors in arches, study of, 481 (Abst.)
- Coordinating predetermined pattern and tooth positioner with conventional treatment, 285
- Correspondence, 695

D

- Decalcification of enamel during orthodontic treatment, prevention of, 373
- Deformities of jaw, surgical treatment of, 333
- Deglutition and teeth, 645 (Abst.)
- Dental attendant, orthodontist and, 363 (Abst.)
 - health service, school, in Tel-Aviv, 637
 - height, ramus height, and overbite, relationship between, 57
 - injury, bite and, 42 (Abst.)
 - practice, child patient in, 95
- Dentistry, 1945 year book of, 424 (B. rev.)
- Dentofacial study of male students at University of Michigan in physical hardening program, 1
- Development of face: anomalies of occlusion and trend to beautify features, 627
- Devolution, evolution and, of human face, 657
- Diagnosis and treatment of "distocclusion," 88
 - planning in orthodontics, 68
 - classification, treatment planning, and prognosis, orthodontic, Frankfort-mandibular plane angle in, 175
 - gnathostatic, 602
- Disease, dental, family and: II. Age of parents and dental caries (DMF) experience in offspring, 530
 - III. Size of family and dental caries (DMF) experience in offspring, 533
- Diseases, periodontal 45 (B. rev.)
- Distocclusion, case of, 279
 - diagnosis and treatment of, 88
- District of Columbia Dental Society, 710
- D-Stoss therapy, effects of, on oral and other tissues of young dogs, 452

E

- Eastern Association of Graduates of the Angle School of Orthodontia, resolution of, 361
- Editorial and publication board, report of, 691
- Effects of single massive dose of vitamin D₂ (D-Stoss therapy) on oral and other tissues of young dogs, 452

- Efficiency of Russell attachment, 572
- Enamel, decalcification of during orthodontic treatment, prevention of, 373
- Evolution and devolution of human face, 657
- Expansion bar appliance, 22
- Extractions, migrations of teeth following, 166 (Abst.)

F

- Fabricating appliances with electric spot welder, 281
- Face and its development: anomalies of occlusion and trend to beautify features, 627
 - human, evolution and devolution of, 657
- Facial prosthesis, 241 (B. rev.)
- Factors of influence in producing stable result in treatment of malocclusion, 313
- Family and dental disease: II. Age of parents and dental caries (DMF) experience in offspring, 530
 - III. Size of family and dental caries (DMF) experience in offspring, 533
- Fifth Medico-Dental Convention of Mexico, 106
- Fluoride-vitamin tablets, inhibition of dental caries by ingestion of, 593 (Abst.)
- Frankfort-mandibular plane angle in orthodontic diagnosis, classification, treatment planning, and prognosis, 175
- Function versus nutrition as controlling factor in dental health: anthropologic survey, 366 (Abst.)
- Further phases on journalistic front, 35

G

- Gnathostatic diagnosis, 602
- Greetings from San Marcos University, Lima, Peru, 696
- Growth and transformation of mandibular joint in rat: I. Normal female rats, 431
 - II. Hypophysectomized female rats, 443
 - III. Effect of growth hormone and thyroxin injections in hypophysectomized female rats, 447
- Growth, bone, retardation of, 44 (Abst.)
 - of child and calcification pattern of teeth, 495
- Guatemalan Association of Orthodontics and Relative Sciences, 652

H

- Harelip in twins, 649 (Abst.)
- Height, adult, tables for predicting, from skeletal age and present height, 537 (Abst.)

- Histologic illumination, some orthodontic problems in, 113
- History, brief, of Southwestern Society of Orthodontists, 253
our, comments on, 257
- Honor roll of active members of American Association of Orthodontists serving in Armed Forces, 38, 97, 160, 234, 299, 355, 420, 479, 535
- Hormones of anterior pituitary, 472
- Human face, evolution and devolution of, 657
- Hyperparathyroidism, primary, recognition of: analysis of twenty-four cases, 422 (Abst.)
- Hypophysectomized female rats, effect of growth hormone and thyroxin injections in, 447
growth and transformation of mandibular joint in, 443

I

- Illumination, histologic, some orthodontic problems in, 113
- In memoriam, Archie C. Gifford, 40
Floyd Edward Gibbon, 99
Harry E. Kelsey, 236
Herbert Hopkins, 237
- Indirect-direct band and appliance technique, 294
- Inhibition of dental caries by ingestion of fluoride-vitamin tablets, 593 (Abst.)
- Injuries, maxillofacial, in children, and their sequelae, 698 (Abst.)
- Investigations of neuropathologic manifestations of oral tissues, 30

J

- Jaw, deformities of, surgical treatment of, 333
- Joint, temporomandibular, subluxation of, sclerosing treatment for, 551
- Journalistic front, further phases on, 35
sabotage, 154
- Juvenile dentistry, 301 (B. rev.)

K

- Key ridge, method for recording, 619
- Koshare Indian Dancers at meeting of American Association of Orthodontists, 488, 650

L

- Labiolingual therapy, discussion of treatment based primarily on, 134
- Lamina dura in roentgenographic interpretation, changes during tooth movement, 702 (Abst.)

M

- Macrodontic Bushman skull in relationship to Boskopoid skull with similar dentition and large jaws, 104 (Abst.)
- Malocclusion, Class I (Angle), in which four first premolars were extracted as part of treatment plan, cephalometric appraisal of, 407
treatment of, factors of influence in producing stable result in, 313
with and without removal of dental units, 518
- Malocclusions, Class II, Division 2 (Angle), management of, 611
treatment of, 384
- Man against pain: epic of anesthesia, 41 (B. rev.)
- Management of Class II, Division 2 (Angle) malocclusions, 611
- Mandibular joint, growth and transformation of, in rat: I. Normal female rats, 431
II. Hypophysectomized female rats, 443
III. Effect of growth hormone and thyroxin injections in hypophysectomized female rats, 447
- Materia medica, prescription writing and, for dentists, 241 (B. rev.)
- Maxillofacial injuries in children and their sequelae, 698 (Abst.)
- Medical and Surgical Relief Committee, 52
- Method for recording key ridge, 619
- Mexican Orthodontic Society, 49
- Migrations of teeth following extractions, 166 (Abst.)
- Military fitness, physical growth in childhood and, 302 (Abst.)
- Missing second premolars, congenitally, and space factors in arches, study of, 481 (Abst.)
- Model experiments, value of, on tooth movement, 583
- Movement, tooth, value of model experiments on, 583

N

- Necrology committee, report of, 690
- Neuropathologic manifestations of oral tissues, investigations of, 30
- New York Society of Orthodontists, 49, 245, 249, 304, 369, 426, 489, 549, 595
President's address, 309
resolutions of, 357
- News and notes, 46, 106, 170, 242, 304, 368, 426, 487, 595, 650, 707
- Northwestern University, 655
- Notes of interest, 54, 110, 172, 249, 307, 370, 429, 493, 549, 595, 655, 711
- Nutrition, function versus, as controlling factor in dental health: anthropologic survey, 366 (Abst.)

Nutritional deficiency, wide significance of, 44 (Abst.)

O

Obturator (acrylic) for newborn infant with cleft palate, 101 (Abst.)

Office routines, 271

Officers of orthodontic societies, 55, 111, 173, 251, 308, 371, 372, 430, 494, 550, 596, 656, 712

Open letter to orthodontists, 695

Oral structures of dog, changes in, persisting after chronic overdoses of vitamin D, 463

tissues, investigations of neuropathologic manifestations of, 30

Orthodontic diagnosis, classification, treatment planning, and prognosis, Frankfort-mandibular plane angle in, 175

Directory of the World, 94, 249

problems in histologic illumination, 113

Society of Colombia, 245

training—paradox, 260

Orthodontics, anthropometry and, 673

diagnosis and treatment planning in, 68

preventive, 265

psychotherapy in, 340

Orthodontists and dental attendant, 363 (Abst.)

Osteomyelitis of skull, 238 (Abst.)

Overbite, ramus height, dental height, and, relationship between, 57

P

Pacific Coast Society of Orthodontists, 170, 242, 304, 368, 429, 490, 549, 595, 651, 711

Pain, man against: epic of anesthesia, 41 (B. rev.)

Pattern, calcification, of teeth, growth of child and, 495

Penicillin therapy, including tyrothricin and other antibiotic therapy, 301 (B. rev.)

Peoria Dental Society, 652

Periodontal diseases, 45 (B. rev.)

Philadelphia Society of Orthodontists, 49

Photography in orthodontics, round-table discussion, 688

Physical growth in childhood and military fitness, 302 (Abst.)

hardening program, dentofacial study of male students at University of Michigan in, 1

Pituitary, anterior, hormones of, 472

Posture, body mechanics and, 162 (Abst.)

Predicting adult height, tables for, from skeletal age and present height, 537 (Abst.)

Premolars, second, congenitally missing, and space factors in arches, study of, 481 (Abst.)

Prescription writing and materia medica for dentists, 241 (B. rev.)

President's address, American Association of Orthodontists, 597

report of committee on, 689

New York Society of Orthodontists, 309

preconvention letter, American Association of Orthodontists, 485

Pressure, reaction of pulp to, 682

Prevention of decalcification of enamel during orthodontic treatment, 373

Preventive orthodontics, 265

Primary hyperparathyroidism, recognition of: analysis of twenty-four cases, 422 (Abst.)

Principles and practice of x-ray technic and interpretation, 238 (B. rev.)

Prize essay contest, American Association of Orthodontists, 242, 305, 369

Processing acrylic retainers in office, ease of, 276

Prognosis, diagnosis, classification, and treatment planning, orthodontic, Frankfort-mandibular plane angle in, 175

Prosthesis, facial, 241 (B. rev.)

Psychotherapy in orthodontics, 340

Pulp, reaction of, to pressure, 682

R

Ramus height, dental height, and overbite, relationship between, 57

Reaction of pulp to pressure, 682

Recognition of primary hyperparathyroidism: analysis of twenty-four cases, 422 (Abst.)

Recording key ridge, method for, 619

Relationship between ramus height, dental height, and overbite, 57

Removal of dental units, treatment of malocclusion with and without, 518

Renfrow decorated for Selective Service work, 652

Report of committee on president's address, American Association of Orthodontists, 689

of editorial and publication board, 691

of necrology committee, 690

Resolution of Eastern Association of Graduates of the Angle School of Orthodontia, 361

pertaining to the American Journal of Orthodontics and Oral Surgery, 233

of New York Society of Orthodontists, 357

Retardation of bone growth, 44 (Abst.)

Roentgenographic interpretation, lamina dura in, changes during tooth movement, 702 (Abst.)

Round-table discussion, meeting of American Association of Orthodontists, 687
 Routines, office, 271
 Russell, attachment, efficiency of, 572

S

San Marcos University, Lima, Peru, greetings from, 696
 School dental health service in Tel-Aviv, 637
 Sclerosing treatment for subluxation of temporomandibular joint, 551
 Significance, wide, of nutritional deficiency, 44 (Abst.)
 Simplified technique for soldering intermaxillary hooks or stops on small chrome alloy arches without reducing temper of arch, 591
 Skull, osteomyelitis of, 238 (Abst.)
 Southern Society of Orthodontists, 243
 Southwestern Society of Orthodontists, 47
 brief history of, 253
 Silver Anniversary Meeting, 253-284
 Space factors in arches, congenitally missing second premolars and, study of, 481 (Abst.)
 Spot welder, electric, fabricating appliances with, 281
 Stable result in treatment of malocclusion, factors of influence in producing, 313
 Subluxation of temporomandibular joint, sclerosing treatment for, 551
 Surgical treatment of deformities of jaw, 333

T

Tables for predicting adult height from skeletal age and present height, 537 (Abst.)
 Technique, indirect-direct band and appliance, 294
 simplified, for soldering intermaxillary hooks or stops on small chrome alloy arches without reducing temper of arch, 591
 Teeth, deglutition and, 645 (Abst.)
 Tel-Aviv, school dental health service in, 637
 Temporomandibular joint, subluxation of, sclerosing treatment for, 551
 Tetanus, clinical study of, 593 (Abst.)
 Thomas P. Hinman Mid-winter Clinic, 49, 110
 Tissues, oral and other, of young dogs, effects of single massive dose of vitamin D₂ (D-Stoss therapy) on, 452
 investigations of neuropathologic manifestations of, 30
 Tooth movement, value of model experiments on, 583
 positioner, coordinating predetermined pattern and, with conventional treatment, 285

Tooth—Cont'd

 size, asymmetry in: factor in etiology, diagnosis, and treatment of malocclusion, 239 (Abst.)
 Training, orthodontic—paradox, 260
 Transformation, growth and, of mandibular joint in rat: I. Normal female rats, 431
 II. Hypophysectomized female rats, 443
 III. Effect of growth hormone and thyroxin injections in hypophysectomized female rats, 447
 Treatment based primarily on labiolingual therapy, discussion of, 134
 conventional, coordinating predetermined pattern and tooth positioner with, 285
 of "distocclusion," diagnosis and, 88
 of malocclusion, factors of influence in producing stable result in, 313
 with and without removal of dental units, 518
 of malocclusions, 384
 planning, diagnosis and, in orthodontics, 68
 classification, and prognosis, orthodontic, Frankfort-mandibular plane angle in, 175
 sclerosing, for subluxation of temporomandibular joint, 551
 surgical, of deformities of jaw, 333
 Twins, harelip in, 649 (Abst.)
 Tyrothricin and other antibiotic therapy, penicillin therapy including, 301 (B. rev.)

U

University of Detroit, School of Dentistry, 548
 of Illinois, 369
 College of Dentistry, 707
 of Kansas City School of Dentistry, 106
 of Michigan, dentofacial study of male students at, in physical hardening program, 1

V

Value of model experiments on tooth movement, 583
 Vitamin D, changes in oral structures of dog persisting after chronic overdoses of, 463
 D₂, effects of single massive dose of (D-Stoss therapy), on oral and other tissues of young dogs, 452

W

Wagner-Murray-Dingell bill, 245
 Welcome to our returned veterans, 259

X

X-ray technic and interpretation, principles and practice of, 238 (B. rev.)

Y

Year book of dentistry, 1945, 424 (B. rev.)

SUBJECT INDEX

A

- Abscess, submaxillary, due to acute pericoronitis, treated by aspiration and instillation of penicillin, 289
- Absorbable gelatin sponge and thrombin in oral surgery, 792
- Achlorhydria, decalcification of teeth in cases of, 184
- Adamantoblastoma of mandible, 314
- Adenoadamantoblastoma, case report of, 648
- Adenocarcinoma arising in mixed salivary gland tumor, case of, 135
- Ameloblastoma and surgery of mandible, 34
- American Academy of Oral Pathology, 595
- Registry of Pathology, 528
- Analgesia in oral surgery, 68
- Anesthesia, general, oxygen-want in, 52
- Anesthetic management in reconstructive surgery of mandible, 1433
- Ankylosis of mandibular joint, 259
- of temporomandibular joint, 120
- Appliances, fixation, in repair of war injuries, 4435
- permanent dental, in repair of war injuries, 4437
- speech correction, present status of speech training of patients who wear, 718
- to correct resected or missing portions of mandible, 59
- Army Institute of Pathology and Registry of Dental and Oral Pathology, 526
- number, 525-594
- Medical Museum, 528
- Arthritis, infectious and rheumatoid, classification and treatment of rheumatic diseases with special emphasis on, 4440

B

- Biopsy as diagnostic aid, evaluation of, 531
- Bone, eosinophilic granuloma of, with primary oral manifestations, 569
- spontaneous regeneration of, following excision of section of mandible, 242
- Bones, tarsal and metatarsal, fragmentation and scarring of: index of dental deformity, 4486

C

- Calcified epithelial cyst in subcutaneous buccal tissue, case analysis, 187
- Carcinoma of maxilla, 320
- oral, survey of, at Columbia-Presbyterian Medical Center, 338
- Caries problem, 365
- Case reports, 249, 252, 727
- from maxillofacial team, 6th General Hospital, 635

Case reports—Cont'd

- miscellaneous, from Massachusetts General Hospital, 282
- oral surgery, 1472
- Cases, clinical, diagnosis, surgical management, and histopathology of, from Tufts College Dental School, 153
- of pathologic interest, 131
- 200 jaw fracture, admitted to 6th General Hospital, 605
- Cementoma, histogenesis of, 543
- Chin, lip, and mandibular symphysis, reconstruction of, case report of, 655
- Cholesteatomas (intracranial epidermoids), 588
- Cicatrices, vicious, involving cheek, lip, and alveolar process, in cleft lip and palate cases, surgical treatment of, 673
- Classification and treatment of rheumatic diseases with special emphasis on infectious and rheumatoid arthritis, 4440
